Greg,
I hope this helps.

4. PASSAMAQUODDY TRUST- intersects Otter Brook which flows to West Branch Seboeis Stream in T3R9NWP is a tributary to Seboeis Streams in SEBOEIS PLT.

5. Alder Stream runs through PENOBSCOT Trust in ALDERSTREAM TWP, ME

8. Mattamiscontis Stream runs through PENOBSCOT TRUST land in T2R8NWP, ME

21. PASSAMAQUODDY RESERVATION is all the land north of Grand Falls Flowage between RT1 and Black Cat Island. Black Cat Island is part of PASSAMAQUODDY RESERVATION.

Do you recall which tribe's lands (and trust versus reservation status) those four water segments traversed?

Hi Greg,

This is regarding the letter to David P. Littell, Commissioner Maine DEP from the EPA that you sent me. Of the 22 stream reclassifications in the letter, only four intersected tribal lands. The four reclassifications are numbers 4,5,8 and 21.

Also, the email from Ellen Weitzier dated 12/19/14 containing additional waterbodies to check against tribal lands were all negative. None of the waterbodies in that email intersected tribal lands.

Let me know if you have any questions.

Thanks,
